PROPOSED EVENTS TENT AT TOP OF HILL COULD IMPACT NEIGHBORHOOD

The Boulder Ridge Golf Course, located at the top of the Santa Teresa Foothills (above Foothill blvd), has requested permission from the county to build an 'Events Tent' on the property for hosting outdoor events. Since this is very close to our neighborhood, the noise and activity from the proposed tent would have a direct impact on us! STFNA and other neighborhood groups have worked together and offered to meet with the owner of the golf course for the purpose of coming up with a "win-win" solution (e.g., building an indoor facility that would address all of our concerns about the noise from amplified music).

Many from the neighborhood turned out for the County Planning Commission meeting on September 4th to voice concern over the tent. As a result, the Commissioners voted to defer further consideration until their November meeting. In addition, the County is considering our request for a full environmental impact report (EIR), which would delay things further.

Come to the neighborhood meeting October 29th to learn more about this issue! In the meantime, please know that all of your letters, e-mail, etc. have already made a huge difference.

SANTA TERESA PARK HISTORIC SITE

The county is in the process of developing a plan for an historic site within the Santa Teresa Park near the corner of San Ignacio Ave and Curie.

The STFNA board is working hard to be sure this area not only represents the history of the area, but also provides better access to the park from the neighborhood.

We hope to provide an update on developments at the neighborhood meeting October 29th.

BEST SHOWCASE – A GREAT NEIGHBORHOOD OPEN HOUSE

A message from Dave Smith

On June 21st, the neighborhood sponsored a 'Beautify Everything in Santa Teresa (BEST) Showcase', where people opened their homes to show off their talents, passions, and landscaping. Thanks to the many people who helped make this a successful day! We raised several thousand dollars for our scholarship(s).

In addition to the Sponsors listed here, many graciously open their properties and helped with other projects. I hesitate to list people because I invariably forget someone, but I must mention our Showcasers Mark and Jordania Harwood (who also are donating \$1,000.00).

The following people Showcased special places, Bob Shoemaker (Hawaiian ponds), Judge Family (hillside views and roses), Harwood Family (pool, waterfalls, Koi ponds), Pat Smith (Waterfalls, rosebushes), Larry Benson (succulents, hillside), David and Linda Castillo (music and hillside), Manuel and Patty Robles (pool, professional landscaper), Dr. Singh (hillside and contributor), Robert Gutierrez and the band Strong Coffee and Gary Sutton of Circle of Neighbors College Planning.

In addition, Lorna Maynard, Mike Bosworth, Jacqueline Price, Phyllis Chai, and John Hesler worked the booth. Lynne Paulson took photos which will be available at the general meeting. I apologize to all I forgot.

We are now forming the committee to determine standards, qualifications and award the scholarships. If you would like to be on this committee let me know. Looks like now more than ever college bound students need our help.

For more information, or to volunteer to be on the standards committee, contact Dave Smith at 408-226-1238, or email daves@stfna.org.
